

EUreka3D Data Hub

And integration of services and tools

13/12/24

Ignacio Lamata Martinez (EGI Foundation)

EUreka3D Final Event

TLP: GREEN Limited disclosure

Co-funded by
the European Union

Why we do it

IT IS **NOT** ONLY 3D...

IT IS THE

#MEMORYTWIN

We capture the **HISTORY** behind the object, not only its geometric structure.

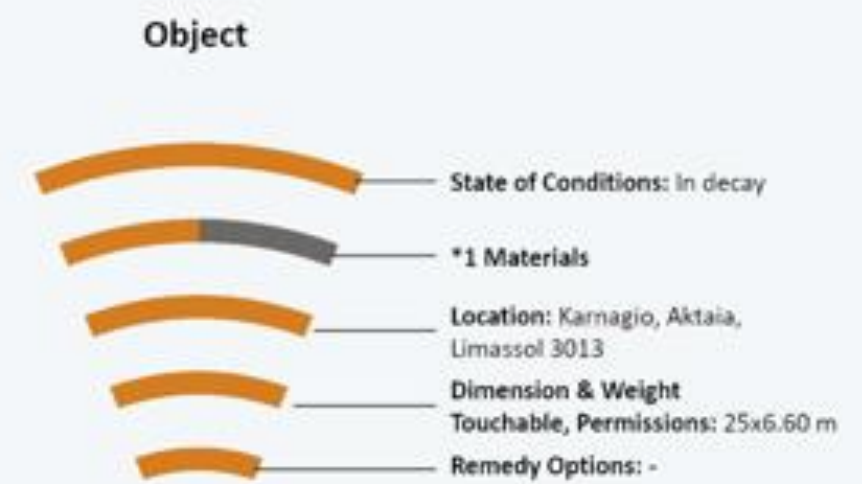

We preserve **MEMORY, VALUE and IDENTITY!**

IT IS **NOT** ONLY METADATA...

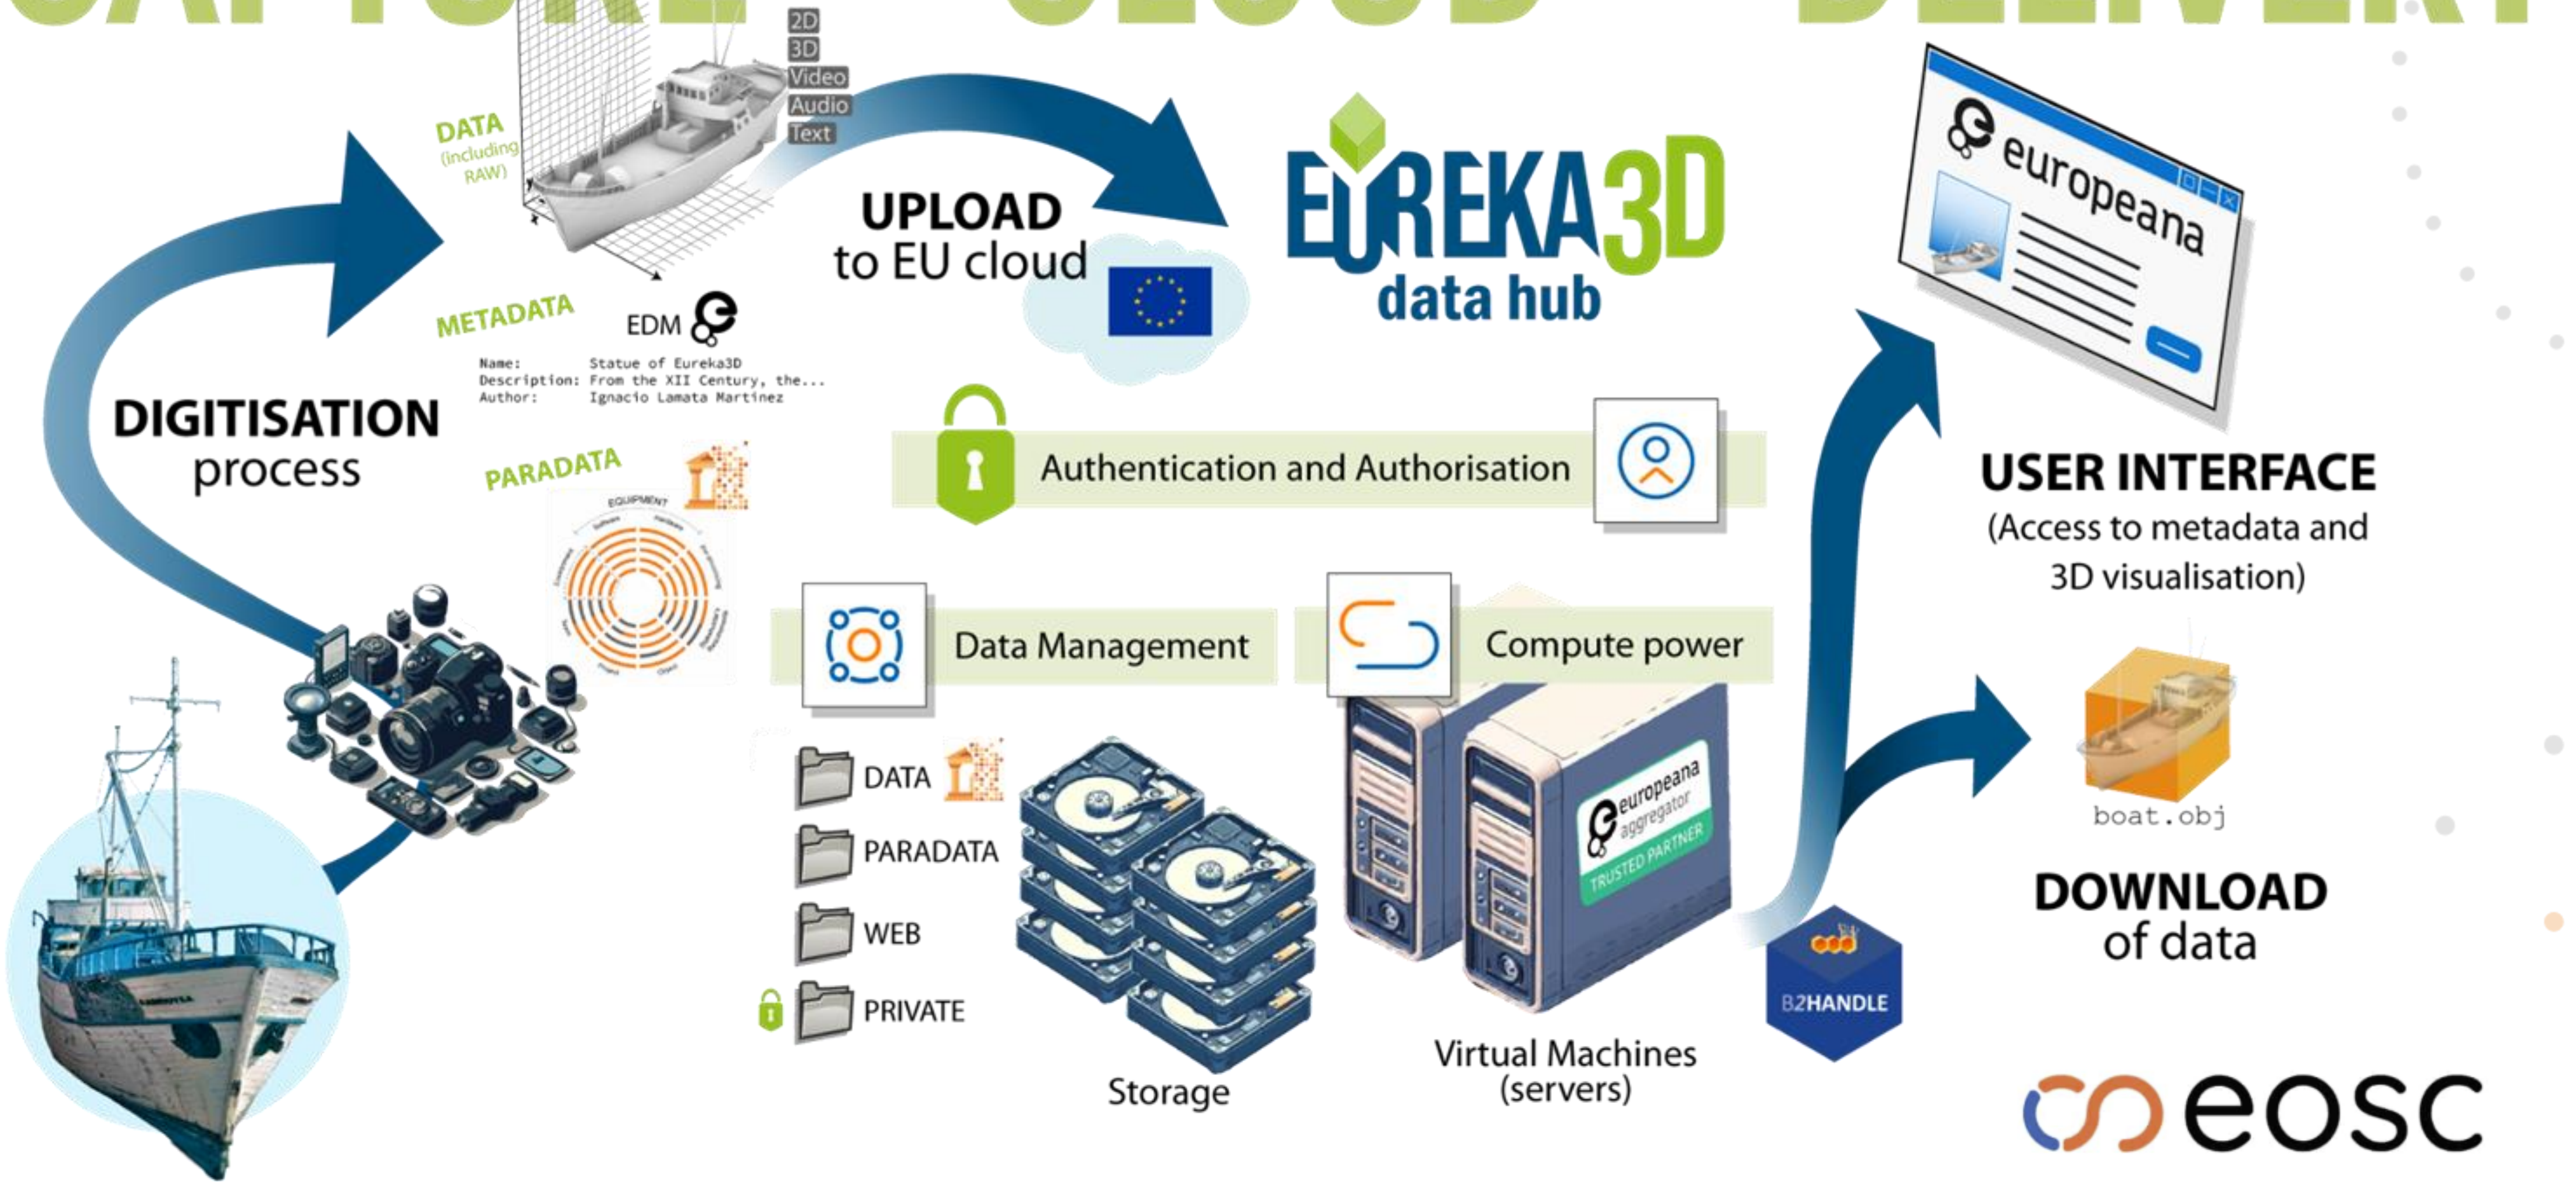

IT IS ALSO PARADATA

When digitising an object it is important to know **HOW** the data acquisition was carried out. The requirements, equipment used, the team, software and hardware, weather / environmental conditions... They all matter for understanding the **QUALITY** of the 3D model and its context.

HOW we do it

CAPTURE CLOUD DELIVERY

What we offer

EUREKA3D Data Hub

- A solution to manage, store, share, publish and preserve your CH objects
- User authentication and authorisation
- Metadata in EDM
- PIDs from B2Handle
- Publishing in Europeana

Demo

EUREKA3D Data Hub

- DataHub
- Object in EUreka3D
- Published object in Europeana

**EUreka3D – European Union’s
REKonstructed content in 3D**

**Many thanks
for your attention!**
